

ASMFC,

As a member of the Recreational Fishing Alliance (RFA), I've given thought to the following options being considered by the ASMFC:

Coastal Recreational Fishery (All jurisdictions would implement)

Option	Bag Limit	Size limit	Trophy fish	% reduction from 2013 harvest
B1	1	28" min	n/a	31%
B2	1	30" min	n/a	greater than 31% ³
B3	1	32" min	n/a	greater than 31% ³
B4	1	28-40" slot	n/a	greater than 31% ³
B5	2	33" min	n/a	29%
B6	2	28-34" slot	n/a	28%
B7	2 (1 slot, 1 trophy)	1 fish 28-34" slot	1 fish 36" min	28% ³
B8	2 (1 slot, 1 trophy)	1 fish 28-36" slot	1 fish 38" min	26% ³
B9	2 (1 slot, 1 trophy)	1 fish 28-37" slot	1 fish 40" min	26% ³

I understand RFA's position, and as an individual RFA member and saltwater angler I want ASMFC to know I support the following:
